

## UNITED STATES EXPECTS DISAVOWAL OF ACTS

CABLES NOTE FOR PRESENTATION  
TO THE GERMAN GOVERNMENTPOINTS TO GRAVE SITUATION ARISING  
FROM VIOLATION OF RIGHTS

Expresses Confident Expectation that Imperial Government Will Make Reparation So Far as Possible—States Germany Will Not Expect United States to Omit Any Word or Act Necessary to Maintain Rights.

WASHINGTON, May 13.—The United States government today cabled Ambassador Gerard for presentation to the German government a note calling attention "to the grave situation which has resulted" from violation of American rights on the high seas, culminating in the sinking of the Lusitania with a loss of more than one hundred American lives.

**Expect Disavowal of Acts.**  
The communication expresses the confident expectation of the United States that the Imperial German government will disavow the acts of which the government of the United States complains, that they will make reparation so far as reparation is possible for injuries which are without measure and that they will take immediate steps to prevent the recurrence of anything so obviously subversive of the principles of warfare for which the Imperial German government in the past so wisely and so firmly contended.

In its conclusion the note states that "the Imperial German government will not expect the government of the United States to omit any word or any act necessary to the performance of its sacred duty of maintaining the rights of the United States and its citizens and of safeguarding their free exercise and enjoyment."

**Full Text of Note.**  
The full text of the note was made public tonight by the state department as follows:

"Department of State, Washington, May 13th, 1915.  
"The Secretary of State to the American Ambassador at Berlin.  
"Please call on the minister of foreign affairs and after reading to him this communication leave with him a copy.

"In view of recent acts of the German authorities in violation of the American rights on the high seas which culminated in the torpedoing and sinking of the British Steamship Lusitania on May 7th, 1915, by which over 100 American citizens lost their lives, it is clearly wise and desirable that the government of the United States and the Imperial German government should come to a clear and full understanding as to the grave situation which has resulted.

**Points Out Incidents.**  
"The sinking of the British passenger Steamer Falaba by a German submarine on March 28th, through which Leon C. Thrasher, an American citizen, was drowned; the attack on April 28th, on the American vessel Cushing by a German aeroplane; the torpedoing on May 1st, of the American vessel Gulfport by a German submarine, as a result of which two or more American citizens met their death; and, finally, the torpedoing and sinking of the steamship Lusitania, constitute a series of events which the government of the United States has observed with growing concern, distress and amazement.

**Cannot Believe Acts were Sanctioned.**  
"Recalling the humane and enlightened attitude hitherto assumed by the Imperial German government in matters of international right and particularly with regard to the freedom of the seas; having learned to recognize the German views and the German influence in the field of international obligation as always engaged upon the side of justice and humanity; and having understood the instructions of the Imperial German government to its naval commanders to be upon the same plane of humane action prescribed by the naval codes of other nations, the government of the United States was loathe to believe—that it cannot now bring itself to believe—that these acts, so absolutely contrary to the rules, the practices and the spirit of modern warfare, could have the countenance or sanction of that great government. It feels it to be its duty, therefore to address the Imperial German government concerning them with the utmost frankness and in the earnest hope that it is not mistaken in ex-

pecting action on the part of the Imperial German government, which will correct the unfortunate impressions which have been created and vindicate once more the position of that government with regard to the sacred freedom of the seas.

**Cannot Admit Right.**  
"The government of the United States has been apprised that the Imperial German government considered themselves to be obliged by the extraordinary circumstances of the present war and the measures adopted by their adversaries in seeking to cut off Germany from all commerce, to adopt methods of retaliation which go much beyond the ordinary methods of warfare at sea, in the proclamation of a war zone from which they have warned neutral ships to keep away. This government has already taken occasion to inform the Imperial German government that it cannot admit the adoption of such measures or such a warning of danger to operate as in any degree an abbreviation of the rights of American ship masters or of American citizens bound on lawful errands as passengers on merchant ships of belligerent nationality; and that it must hold the Imperial German government to a strict accountability for any infringement of those rights, intentional or incidental. It does not understand the Imperial German government to question those rights.

It assumes, on the contrary, that the Imperial German government accepts, as of course, the rule that the lives of non-combatants, whether they be of neutral citizenship or citizens of one of the nations at war, cannot lawfully or rightfully be put in jeopardy by the capture or destruction of an unarmed merchantman, and recognize also, as all other nations do, the obligation to take the usual precaution of visit and search to ascertain whether a suspected merchantman is in fact of belligerent nationality or is in fact carrying contraband of war under a neutral flag.

**Present Method Impractical.**  
"The government of the United States, therefore, desires to call the attention of the Imperial German government with the utmost earnestness to the fact that the objection to their present method of attack against the trade of their enemies lies in the practical impossibility of employing submarines in the destruction of commerce without disregarding those rules of fairness, reason, justice and humanity, which all modern opinion regards as imperative. It is practically impossible for the officers of a submarine to visit a merchantman at sea and examine her papers and cargo. It is practically impossible for them to make a prize of her and, if they cannot put a prize crew on board of her, they cannot sink her without leaving her crew and all on board of her to the mercy of the sea in her small boats.

"These facts, it is understood, the Imperial German government frankly admit. We are informed that the instance of which we have spoken time enough for over that poor measure of safety was not given and in at least two of the cases received. Manifestly submarines cannot be used against merchantmen, as the last few weeks have shown, without an inevitable violation of many sacred principles of justice and humanity.

**Americans Within Rights.**  
"American citizens act within their indisputable rights in taking their ships and in traveling wherever their legitimate business calls them upon the high seas and exercise those rights in what should be the well-justified confidence that their lives will not be endangered by acts done in clear violation of the universally acknowledged international obligation, and certainly in the confidence that their own government will sustain them in the exercise of their rights.

"There was recently published in the newspapers of the United States, I regret to inform the Imperial German government, a formal warning, purporting to come from the Imper-

ial German embassy at Washington, addressed to the people of the United States and stating, in effect, that any citizen of the United States who exercised his right of free travel upon the seas would do so at his peril if his journey should take him within the zone of waters within which the Imperial German navy was using submarines against the commerce of Great Britain and France, notwithstanding the respectful but very earnest protest of his government, the government of the United States. I do not refer to this for the purpose of calling the attention of the Imperial German government at this time to the surprising irregularity of a communication from the Imperial German embassy at Washington addressed to the people of the United States through the newspapers, but only for the purpose of pointing out that no warning that an unlawful and inhuman act would be committed can possibly be accepted as an excuse or palliation for that act or as an abatement of the responsibility for its commission.

**Believes Orders Misunderstood.**  
"Long acquainted as this government has been with the character of the Imperial German government and with the high principles of equity by which they have in the past been actuated and guided, the government of the United States cannot believe that the commanders of the vessels which committed these acts of lawlessness did so except under a misapprehension of the orders issued by the Imperial German naval authorities. It takes it for granted that, at least within the practical possibilities of every such case, the commanders even of submarines were expected to do nothing that would involve the lives of non-combatants or the safety of neutral ships, even at the cost of falling of their object of capture or destruction. It confidently expects, therefore, that the Imperial German government will disavow the acts of which the government of the United States complains, that they will make reparation so far as reparation is possible for injuries which are without measure and that they will take immediate steps to prevent the recurrence of anything so obviously subversive of the principles of warfare for which the Imperial German government have in the past so wisely and so firmly contended.

**Look For Just Action.**  
"The government and people of the United States look to the Imperial German government for just prompt and enlightened action in this vital matter with the great confidence because of the United States and Germany are bound together not only by special ties of friendship, but also by the explicit stipulations of the treaty of 1828 between the United States and the kingdom of Prussia.

"Expressions of regret and offers of reparation in case of the destruction of neutral ships sunk by mistake, while they may satisfy international obligations, if no loss of life results, cannot justify or excuse a practice the natural and necessary effect of which is to subject neutral nations and neutral persons to new and immeasurable risks.

"The Imperial German government will not expect the government of the United States to omit any word or any act necessary to the performance of its sacred duty of maintaining the rights of the United States and its citizens and of safeguarding their free exercise and enjoyment.

**RABBI HIRSCH REFERS TO EUROPE AND WAR IN SPEECH**

Declares Americans Who Vilify Rulers of Europe for Having Part in War Are Losing Their Former Virtue of Thinking Historically.

Springfield, Ill., May 13.—Speaking tonight at the annual meeting of the Illinois State Historical Society, Rabbi Emil G. Hirsch, of Chicago, declared that Americans who vilify the rulers of Europe for having part in the war are losing their former virtue of thinking historically.

"The great conflict which is now rending Europe has been coming on gradually for twenty years," declared Dr. Hirsch, "and is the result of economic conditions over which man has little, if any control.

"It is not the leaders who shape the course of events," Dr. Hirsch added, "but events create men. Americans ought to be co-extensive with humanitarianism and it is the work of the state historical society to teach the people to think historically and to bring the people to a realization that America is a mixture of every race and fusion of every strain of blood. Americans who defy this rule and vilify that ruler are not thinking historically for men are the result of antecedent conditions."

ENGLAND MAY RESORT  
TO UNIVERSAL SERVICE

VISCOUNT HALDANE ANNOUNCES  
GOVERNMENT IS CONSIDERING MOVE.

British Battleship Goliath Is Torpedoed by Turks—Only 180 of Crew of 700 are Saved—British Submarine Torpedoes Two Turkish Gunboats and a Transport.

London, May 13.—(11:30 p. m.)—Viscount Haldane, Lord high chancellor, in the house of lords today intimated that the government was considering the necessity of departing from the voluntary system of military enlistment and resorting to universal service throughout the kingdom. For the present, he said, the hand of the war office was full with the men they possessed, but it might be necessary to reconsider the situation in the light of the tremendous necessities with which the nation was confronted. This appears to conform to the idea prevalent here that while recruiting has been satisfactory the very heavy firing which has been taking place in Flanders, where the Germans have for almost a week been attacking with the greatest violence the British line, shows that many more men will be required if victory is to be obtained.

**Counter Attacks Costly.**  
Thus far, the British troops, according to Field Marshal Sir John French, have withstood all the German onslaughts and while at times they have been compelled to give some ground their counter attacks have brought them back to the position from which they started. However this has been costly business, for the German artillery bombardment has been very severe and counter-attacks are always followed by heavy casualty lists.

In their attempt of October and November last, to reach Calais, the Germans continued their attacks for six weeks but the allied force was much weaker then and the Germans were not in the position of having to meet counter offensive as they have now to the north of Arras, in the Woeyre and at other points along the western front.

**Germans Admit Reverse.**  
Of these the most important is that which the French are carrying out from Arras to the point where their line joins the British and in which they continue to meet with unvarying success. They report again today the capture which the Germans admit, of very strongly fortified positions near LaBasse. Therefore it is believed here that the French successes will lighten the pressure which the Germans are bringing to bear on the British around Ypres.

The Austro-German offense continues in western Galicia, where they have driven the Russians forty miles back from their old positions and to within 25 miles of Przemyśl. The fighting has become less intense and the German allies have been able to estimate their captures, which they state amount to some 150,000 men, 69 guns and 255 machine guns. The small number of guns in comparison with the prisoners would seem to indicate that the Russians have made an orderly retreat. The Russians claim that they are now in a position to prevent further advance by the Germans and Austrians, but as it is they have lost much ground which they had won by hard, slow fighting.

In eastern Galicia the Russians assert that as a result of new offensives the Austrians have commenced a disorderly retreat. Fighting continues in Courland and in the neighborhood of the Nemem river.

**Torpedo British Battleship.**  
Another battleship, the Goliath, the third that the British have lost since the attack on the Dardanelles began, has been torpedoed by the Turks and of the crew of 700 or more only 180, including 20 officers, were saved.

While the Goliath was an old vessel, she was very useful for the work to which she had been assigned and the loss in men is serious. There is some consolation to the British people in other news from the Dardanelles that a British submarine, in a daring dash through the straits into the Sea of Marmara, torpedoed two Turkish gun boats and a large transport. This probably is the submarine which the Turks thought they had sunk, but which apparently succeeded in getting back through the mine strewn passage.

**GREEK KING IS ILL.**  
London, May 14.—(2:40 a. m.)—The cold from which King Constantine has been suffering for the past week has turned into pleurisy, says Reuter's Athens correspondent. The king consequently will be unable to attend to state business for some time. The doctors held a consultation concerning his condition Thursday night.

## War News Summarized

Gains for the allies in Belgium and France, including the capture of the town of Carancy and parts of Ablain, St. Nazaire and Neuville St. Vaast and the driving of the last band of Germans from the forest of LePretre in which violent fighting had been in progress for weeks are chronicled by Paris. In obtaining these victories the Paris war office asserts that the Germans lost heavily from rifle fire and artillery. At one point of the front the bodies of three companies of Germans, which had been annihilated by artillery, were found on the field.

Berlin admits these losses in part, declaring that Carancy and the western part of Ablain, St. Nazaire and the foremost trenches between Neuville and Carancy have been taken and that on this occasion "a number of our brave men and much material again were lost."

Admission also is made that the French penetrated the foremost trenches of the Germans at Ocrep des Carnes—over a width from 450 to 600 feet—but Berlin says that after bitter hand to hand fighting the German positions here were again cleared of all Frenchmen.

Pursuit of the Russians in the Galicia and Carpathian campaign continues, according to Berlin, with the capture of large numbers of men and quantities of war material. The German war office says the Teutonic armies have taken 143,500 prisoners and captured 89 cannon and 250 machine guns.

Petrograd says the fighting in western Galicia is decreasing in intensity and that the Russian offensive farther south, along the Dniester river is meeting with continued success with heavy losses to Teutons.

ANTI-GERMAN RIOTING BREAKS  
OUT IN CAPETOWN, SOUTH AFRICA

Number of Prominent German Business Establishments are Wrecked, Looted or Set on Fire.

Capetown, Via London, May 13.—(11:50 p. m.)—Anti-German rioting broke out here tonight and a number of prominent German business establishments were wrecked, looted or set on fire. The rioters paraded in unorganized bands and for a time the police were able to control them, but the number of bands increased so rapidly that they got out of hand, necessitating the calling out of the military to patrol the streets.

The rioters were mainly negroes. They first attacked the German club, which was strongly guarded. On being informed that the building no longer was German property but was occupied by the military authorities the rioters turned their attention to the store of the German firm of Spilhaus. The mob first sang the British national anthem during which the police saluted and the people barred their heads. Then they shattered the building and partly burned it. Next Muller's large music warehouse was fired. Then came a raid on the hardware store of Koch and Dixie, which also was set on fire. The fire brigade was powerless to cope with the numerous calls from various parts of the city. A remarkable incident of the riot occurred when Mr. Muller, an optician who is German born, but a naturalized British subject faced the mob and said he had two sons fighting at the front. The mob cheered him and departed without damaging his shop. Women took a prominent part in the riot. One climbed a high clock tower and unfurled the British flag there. There was a noticeable absence of actual looting.

**BOATS SEARCHING FOR DEAD ARE FORCED TO SEEK HARBOR**  
QUEENSTOWN, May 13.—(5:32 p. m.)—The sea was so rough this afternoon that boats engaged in searching for the Lusitania dead were forced to seek harbor. It is feared that the stormy weather will result in widely scattering the bodies. The hope of recovering many more of the dead was shaken today by the statement of the Curragh company that there was no foundation for the report that hundreds of bodies had been sighted by a tug.

**PLACEMENT GUARD OVER LINER**  
Tacoma, Wash., May 13.—Threats that the Japanese liner Kufuku Maru, loading war supplies for Vladivostok in Tacoma would be blown up in Tacoma or when three days out by the Germans placing a mine aboard ship, led Captain S. Kurahara to complain today to the authorities. An extra guard was placed at the Northern Pacific dock.

**TRAVELERS OPEN CONVENTION**  
Springfield, Ill., May 13.—The Grand Council of Illinois, United Commercial Travelers, opened their nineteenth annual convention in this city today.

BARNES CONTRADICTS  
ROOSEVELT'S TESTIMONY

GIVES OWN VERSION OF SEVERAL INCIDENTS DESCRIBED BY T. R.

Witness Swears He Did not Talk to Colonel About the Franchise Tax Bill Prior to its Passage—Denies He Asked Governor not to Sign Bill.

Syracuse, N. Y., May 13.—William Barnes, former chairman of the Republican state committee, spent two hours on the witness stand today in his libel suit against Theodore Roosevelt in contradicting wholly or in part various portions of the testimony of Colonel Roosevelt and in giving his own version of several incidents described by the former president of the United States. Mr. Barnes swore that he did not talk to Colonel Roosevelt about the franchise tax bill prior to its passage. He denied emphatically that he had asked the then governor of New York not to sign the bill. With equal emphasis he denied that he had ever told Colonel Roosevelt that men identified with big business interests contributed to both parties in order to gain protection and that if it was not given them they would cease to contribute; that he had urged the re-appointment of Lou Payne as state superintendent of insurance and that he had discussed legislative and executive matters with Colonel Roosevelt on "many occasions," he said he did none of these or a half a dozen other things the Colonel described him as having done.

**Visited White House.**  
He did, however, declare by direct inference that he considered Colonel Roosevelt the leader of the Republican party in this state from 1906 to 1910. And he said that he visited the white house in 1908 at the request of the president, and was urged to see August Belmont about the race track bill. He quoted Colonel Roosevelt as saying that the bill must be defeated. This was the bill which failed of passage because of the vote of State Senator Gratian, who according to previous testimony changed his mind about voting for it after an alleged talk with Mr. Barnes the night before it came up for consideration. As for the statement accredited to him by Colonel Roosevelt that the people "were not fit to govern themselves," Mr. Barnes declared he never said it.

**Pictured His Political Career.**  
During the day he painted in words a picture of his political career and gave his ideas about political organization. In this connection he said:

"I told Mr. Roosevelt as I have told a great many others that if we were to maintain in this country a system of party government organization was necessary; that no movement could ever come to achievement, unless it was organized. The idea that the people can move without order or policy is absurd upon its face.

"They must have leaders or they do not move at all and no party movement or any other movement can progress unless it is financed by people whose hearts are in the work and who are willing to give to the cause for which they stand. No organization can succeed unless attended by men who are willing to give their entire time to the work. I have said, as I say now, that no party, whatever it be—Republican, Democratic, Progressive, Prohibitionists, Socialist, Labor or Independent—can move forward without proper control and guidance."

**Is Absolutely Positive.**  
As Mr. Barnes said that, he leaned far over his chair toward the jury box, just as Colonel Roosevelt had done. He was absolutely positive about everything he said.

Colonel Roosevelt seemed to be intensely interested in what his legal opponent said to say. Occasionally he took notes. If Mr. Barnes saw the colonel he exhibited no signs of having done so.

It was said tonight that only a few more questions remained to be asked Mr. Barnes before he would be turned over to counsel for the defense for cross-examination.

## GIVE APPROVAL TO BILL

Many Attempts Made to Amend  
Measure Making Immoral  
Women Subject to Fines

## WILL VISIT UNIVERSITY TODAY

SPRINGFIELD, Ill., May 13.—After indulging in a heated debate as to the best method of checking social diseases, members of the lower house of the legislature today gave their approval to a bill making immoral women subject to a fine of not to exceed \$200 or imprisonment in the county jail for one year or both. The bill was drafted by Miss Kate Addams of Chicago and was introduced by Representative Gardner of that city. The existing law provides only a fine.

**Attempt to Amend Bill.**  
Attempt after attempt was made to amend the bill but all amendments failed and the measure was advanced to third reading. An amendment offered by Representative Lee O'Neill Browne provided, that only street walkers could be arrested and made it impossible to raid disorderly houses. This amendment was defeated.

The house passed the Purdunn bill providing for compulsory dragging of dirt roads by a vote of 103 to 0. Friends of this measure claim it will make Illinois roads nearly 100 per cent better. The million dollar foot and mouth appropriation bill was agreed to by the senate, but did not get to the governor's office today. It probably will be signed tomorrow.

Members of the legislature will pay their annual visit to the University of Illinois tomorrow, going to Champaign in a special car.

**To Amend Insurance Bill.**  
Members of the house insurance committee voted unanimously to amend the Potts insurance bill by eliminating that portion which would allow the state to write fire insurance in case all of the fire insurance companies withdrew from business in this state as they did in Missouri last year. Further action on the bill was deferred until next week.

A bill intended to place the names of candidates for judicial offices on a separate ballot at general elections and applying to judges of the municipal and superior courts of Cook county and all candidates for county and probate judgeships was acted on favorably today in the house committee on elections. It was agreed in committee to take up for consideration Tuesday, May 16th, at 8 o'clock, the election bill which has been prepared by the senate subcommittee and embraces proposed changes in the primary law.

ITALIAN CABINET DECIDES TO  
HAND RESIGNATION TO KING

LONDON, May 14.—(2:20 p. m.)—The Italian cabinet has resigned. "The council of ministers," says Reuter's Rome correspondent, "considering that it did not possess the unanimous assent of the constitutional parties regarding its international policy which the gravity of the situation demands, has decided to hand its resignation to the king. An official note to this effect was issued tonight.

"The king has reserved his decision as to whether the resignation will be accepted."

That there is considerable feeling in the larger cities now resulting from the war conditions in Europe was manifested recently in St. Louis. The American Neutrality league had been holding meetings in one of the school buildings which resulted in a formal complaint on this account being filed with the Board of Education.

The committee bill recently reported to the house of the state assembly nullifying the provision of the state utilities act which takes the control of utilities from the hands of city councils will be bitterly fought. This change in the law would cut out one of the provisions which has promised much for the general protection of the public. Surely the act has not been in force long enough to indicate how valuable it is or not in caring for the rights of the people in connection with utility corporations.

There are many citizens who do not agree with President Wilson in his tariff policy and in some other matters in which he is thoroughly in accord with Democratic principles yet these same citizens allow nobody to outdistance them in admiration for the president's high minded patriotism. As has often been said Wilson is the president of all the people and in all times when danger assails this country, party and sectional lines vanish and the people rally to the support of the nation's chief executive in whatever course he outlines after mature consideration.

America's Note to Germany. Phrased in the most courteous of language America's note to Germany respecting the sinking of the Lusitania and other violations of international law was cabled yesterday to U. S. Ambassador Gerard at Berlin for transmission to the German government.

The note which is signed by Secretary Bryan on behalf of the United States can leave no doubt as to the intense feeling underlying and yet it accords to Germany the opportunity of disavowing that the acts complained of were intended. On the contrary the United States is assuming rather than the German government is innocent of international wrong doing and in fact the words were almost placed in Germany's mouth for disavowal and denial.

It is evidently the intention of the United States to make the way easy for the Imperial government to clear itself of the serious charges made against its conduct. Yet for all this courtesy, this smoothing of the pathway for denial and assurance there is plainly underlying the fully grounded determination on the part of this government to use all means necessary to prevent a recurrence of the acts complained of and to guarantee the safety of American citizens on the sea.

The note is firm and to the point, reveals broad minded tolerant spirit on the part of this government and savors in no way of the "milk and water" policy recently complained of by an ex-president of the United States.

### Teachers' Pension Law.

The teachers of Jacksonville have followed with a vast amount of interest the course of the teachers' pension bill and are rejoicing that the measure has passed both house and senate and will doubtless find its way to Gov. Danneberg for his signature. Those familiar with the governor's attitude on teachers' affairs while he was mayor of Chicago feel confident that the pension bill will have his approval.

By the provisions of this bill a teacher who has been in the work in Illinois for a period of 25 years is eligible to a pension of \$400 per annum. The money for the fund will be provided partially by yearly payments by the teachers and partially from the state treasury. In educational circles it is believed that the new law will have a beneficial effect in that the teaching profession will thereby become more attractive, separated as it thus is, from the fear that those who remain long in the service, will finally be dropped out with no training for other work and no means of support.

The Educational Press explains some of the difficulties which were encountered by the advocates of the pension law in their efforts to secure favorable action from the legislature. There was great lack of definite statistics upon which to base answers to many questions was one. How many teachers coming under the provisions of this bill could retire at the end of the first year? There was some fear that the number of annuitants within the first few years would be so large as to necessitate a very large appropriation by the State from the very beginning. Not until the inauguration

of the new certifying law was it possible to gather the data relating to the ages and time of service of those who held certificates to teach in Illinois. Taking the counties of LaSalle, Whiteside, Jefferson, Iroquois, Stark, Montgomery, Monroe, McHenry, Stephenson, Champaign, Macoupin, Perry, Saline, Alexander and Edwards as fairly representative and analyzing the data gathered from them, the following facts appear:

It was found that in these 15 counties 3,870 persons taught in the year 1914. Of these, 229 had taught for 25 years or over. Of those who had taught for 25 years or over, 145 had reached the age of 50 years. According to an amendment to the teachers' pension and retirement fund, in order to retire voluntarily, one must be 50 years of age and must have taught not less than 25 years. It appears that 5.65 per cent of all the teachers in these counties had taught 25 years, and that 3.7 per cent of all those teachers had taught 25 years and had reached 50 years of age and if this same ratio holds with all the teachers who come under the provision of the act, there were 1,452 who had served 25 years on July 1, 1914, and 851 who had served 25 years and had reached the age of 50 years. If these 851 should all become members, they could retire at the end of the first year and receive thereafter an annuity of \$400 each.

### ASQUITH'S STATEMENT CAUSES RIOTS IN LONDON TO SUBSIDE

Announces That Aliens of Enemy Countries of a Military Age Will be Interned.

London, May 13.—(10:30 p. m.)—The statement of Premier Asquith in the house of commons today that all aliens of enemy countries of military age would be interned and that this applied to those naturalized against whom there was any suspicion, and that the others repatriated, has satisfied those persons who were agitating for some drastic action.

As a result the riots in London and provincial towns have largely subsided. Such rioting as did take place today and tonight was carried on by mobs of boys, girls and women who were out for fun or bent on looting German shops while men stood by laughing or encouraging their youthful imitators. The police, strongly reinforced by special constables were better able to handle the situation today.

Following the wild scenes of yesterday and last night some 500 or more active participants in attacks on German shops appeared in the police court of London today and the magistrates read them severe lectures and imposed heavy penalties in most cases. Some of the more culpable were sentenced to jail terms at hard labor, the sentences ranging from a month to four months. Others, chiefly women were fined. When men of military age appeared before the magistrate, they were told sharply that the best way to get revenge on the Germans was to enlist.

## DELEGATES TO COURT CONGRESS APPLAUD HILL

### DR. HILL GIVES IMPROMPTU ADDRESS AT DINNER

Declares Any Hyphenated American Who Does not Support the American Flag in the Present Situation Is Unworthy of the Citizenship he Owes.

Cleveland, O., May 13.—Delegates to the world court congress burst into wild applause this afternoon when Dr. John Wesley Hill of New York, in an impromptu speech pointed dramatically to a huge American flag above his head and shouted: "Any English-American, German-American, French-American or other hyphenated American who does not support that flag in the present situation is unworthy of the citizenship he owns."

An orchestra in an alcove began the strains of "The Star Spangled Banner" and the audience rose and joined in singing the song. Many wept aloud.

Dr. Hill's declaration was not made at a regular session of the congress but at a dinner given by the business men of Cleveland to the delegates to the congress.

The congress has forbidden comment on the war during its meeting.

Dr. Hammond Names Committee. The congress, today, announced a committee of delegates to draw up a definite plan for a world court of justice. Its members are:

James Brown Scott, Washington jurist.

Theodore Marburg, Baltimore, former minister to Belgium.

Henry Lane Wilson, ex-ambassador to Mexico.

Bainbridge Colby, New York attorney.

Judge D. D. Woodmansee, Cincinnati.

Prof. Jeremiah W. Jenks, New York.

Three Address Session. Henry Lane Wilson, Judge D. D. Woodmansee and William Dudley Foulke were the principal speakers at tonight's session. Mr. Foulke declared that the development of our national constitution and judiciary foreshadows in its general features the development of some coming federation of the United States of Europe or the world.

He pointed out the gradual union of mankind in first small and then large units through family, clan, tribe, city and nation and finally the empire or great federated republic.

"Next," he said, "will come the world empire or world federation. It was at the outbreak of this war that the world found a number of great powers in alliance. It is at its conclusion that we hope for a league of the powerful nations which will have for its purpose the maintenance of a permanent peace."

"If a court such as we propose had existed a year ago," said Judge Woodmansee, "Austria never would have made the demands she did upon Serbia."

"Austria's normal rights in the matter would have been quickly determined. Today she and other nations would not be in the throes of war and Austria herself would not be faced with the possibility of extinction as a nation."

Tomorrow is the last day of the congress. The final meeting will be held in the evening and John Mitchell will be the principal speaker.

### RAILROADS OFFER REBUTTAL TESTIMONY AT RATE HEARING

Thorne Reviews Hearing and Compares it With the Eastern Rate Case.

Chicago, May 13.—Presentation of evidence in the western freight rate advance hearing before W. M. Daniels, inter-state commerce commission closed today with the offering of rebuttal testimony in behalf of the 41 western and south-western railroad systems which are seeking advances in their transportation charges on certain commodities.

Clifford Thorne, chairman of the Iowa state railroad commission and chief counsel for the shippers, reviewing and hearing, compared it with the eastern rate case. "There are certain striking contrasts," he said, "between this case and the one in the east. There railroads put on the stand the chief executives of representative roads. Here they put on the stand the presidents of the Missouri, Kansas & Texas, the Missouri Pacific and the Chicago Great Western."

"The counsel for the railways left entirely out of their figures such railroads as the Southern Pacific, Union Pacific, Great Northern and Northern Pacific. This effort to conceal the profits on their best railroads is again in striking contrast with the showing of the eastern railroads where they included all the carriers serving the territory."

### GAVE ADDRESS TO RETAIL MERCHANTS

Charles F. Derwend of Peoria, secretary of the State Retailers' association addressed the merchants in the rooms of the Chamber of Commerce last night. The inclement weather kept a large number away. Mr. Derwend emphasized the great importance of co-operation and a close study of conditions that would bring about the desired results. A

It may be a long way around, but our older citizens will recall Dr. Jacob Detrick, an early settler of this region. A daughter of his married C. O. Chapin, whose brother, Q. H. Chapin married Mrs. Mosby. Lately Mrs. S. O. Barr was in Chicago visiting her sister, Mrs. Q. H. Chapin. The latter said C. O. Chapin had recently visited them. He told them that Dr. Detrick's daughter, Kate, who married a Mr. Wiley was on the ill-fated Lusitania. Mr. Wiley was one of our fine singers here some twenty-five years ago and will be remembered by many people still here.

She started to Europe to aid in caring for the wounded and suffering, and had equipped herself with quite a stock of suitable supplies.  
The body was identified and will be sent to the home of her son-in-law, Robert J. Thorn at Lake Forest. He is vice-president of the firm of Montgomery-Ward & Co. She was a cousin of Miss Mary Turley of 901 West State street.

### BOY HAD NARROW ESCAPE FROM SERIOUS INJURY

An accident which might have resulted much more seriously happened late Thursday afternoon when the 8 year old son of Mr. and Mrs. White living on South Diamond street, was run over by Thomas Scott's Buick car. As it was the boy was severely bruised but Dr. Carl E. Black, who examined him, found no broken bones. Mr. and Mrs. Scott were driving on South Diamond street at about 8 miles an hour, when the accident happened. The boy and some playmates were on the boulevard when suddenly he was wheeled about and ran directly in front of the car, and only a few feet ahead of it. Mr. Scott applied the emergency brake and as he was fortunately going very slowly was able to stop the car that the little boy was not seriously crushed. Several people living in the neighborhood witnessed the accident, which was unavoidable under all the circumstances. Mr. Scott was not accounted to blame in any way, and there was an especial feeling of thankfulness among those who witnessed the accident that it did not result more seriously.

#### REGARDING CITY NURSE.

Editor of Journal:  
Just a few words in regard to the city nurse question. I wonder how many have ever stopped to think of the real value of a city nurse?

Since Miss Olmsted has been employed in our city school, the schools have never been closed on account of contagious diseases. Miss Olmsted has done as much as any member of the board of education. Any one that has never had to call on a nurse for her service for themselves or family does not know the anxiety she has saved the child's parents.

A resident of First Ward

Miss Irene O'Connell has returned to her home in Murrayville after visiting her aunt, Miss Mary O'Connell, and attending the mission at the Church of Our Savior.

## MORTUARY

### Kilian.

Frank Kilian of 324 East North street died very suddenly and unexpectedly at 11:30 o'clock Thursday forenoon at the parsonage of the Salem Lutheran church on East College avenue. It being Thursday was Ascension Day special services were being held in the church and among those in attendance was Mr. Kilian. During the progress of the services Mr. Kilian got up from his seat and went outside of the church. Some of the congregation suspecting that he was not well followed Mr. Kilian out and noticing his condition led him into the parlor of the parsonage on the adjoining lot and laid him on a couch and summoned Dr. H. C. Woltman, who at once responded and ministered to the needs of the sick man, and thinking he would be all right in a short time took his departure. While preparing Mr. Kilian to be taken to his home he was taken with a fainting spell and the doctor was again summoned but all efforts for his relief were futile and in a few moments he passed away. Mr. Kilian has been in failing health for more than two years, but was able to be up and about. It is thought his death was occasioned by a stroke of apoplexy, he also suffered paralysis on one side as it was noticed that he was unable to move his hand or arm.

Mr. Kilian was a son of John and Mrs. Minnie (Laurach) Kilian and was born in this city Jan. 18, 1868 and at the time of his death he had arrived at the age of 47 years, 3 months and 25 days. He was married Sept. 21, 1894 to Miss Emma Brune, daughter of Mr. and Mrs. Herman Brune of this city. He received his education in the public schools in this city and in Concordia Seminary at Springfield. He was a member of the Salem Lutheran church, where he was attending services when his fatal illness came upon him.

He is survived by his wife, his mother, Mrs. Minnie Kilian, his brother William and his sister, Mrs. Minnie Zachary, all of them residents of the vicinity of Alexander. He was for a time prior to his death employed in the shipping department of the Larson & Co's. business house in Peoria.

Arrangements for funeral services have not been arranged at the time of this writing but will be announced when ascertained.

and instructive to Cadillac owners, prospective Cadillac own-  
ers and owners of other cars as well. Everyone who is in-

## PEORIA WOMAN PRAISES REMEDY

Mrs. Tilla Conard Tells Remarkable Experience After Suffering for Months.

Mrs. Tilla Conard lives at 307 Morgan Street, Peoria. She suffered from stomach trouble for months. Nothing seemed to give relief. One day she visited a sister who resides in Bloomington, and upon urgent advice consented to try one bottle of May's Wonderful Remedy. This, in her own words, is the story of her experience—read it.

"For a number of months I suffered terribly with pains in my stomach; would fill with gas and belch for an hour at a time. I had pains in my side which at times I thought would kill me. I was under the doctor's care for four months, but got no relief at all. One day while in Bloomington my sister persuaded me to take a bottle of your remedy. To say the results were wonderful would be putting it mildly. After the first dose my pain left me, my appetite improved, my skin became clear again and I felt like a new woman."

May's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

## WANT CONVENTION FOR JACKSONVILLE

U. C. T. REPRESENTATIVES GO AFTER STATE MEET.

Traveling Men will Leave over Alton This Morning in Special Car for Springfield, Accompanied by Jeffries Band.

A large delegation of United Commercial Travelers together with friends and Jeffries band will leave this morning over the Chicago and Alton for Springfield to attend the State convention. The local representatives are going after the state convention next year and it looks plausible that Jacksonville will be the next meeting place. The Register in speaking of the convention says:

"Springfield streets are flying with flags and flung with bunting in welcome to the 2,000 delegates to the nineteenth annual meeting of the Grand Council of Illinois, United Commercial Travelers of America. Early trains brought many members of the order and their wives and more will reach the city by every mode of conveyance as the day progresses.

### Competitive Drill.

"Beginning at 1 o'clock Thursday afternoon with competitive drilling in the Masonic temple, the sessions of the Grand Council will continue through Saturday morning, and the arrangement committee of this city has so well provided that not a dull moment will be passed. Prizes ranging from \$25 to \$100 have been secured for the best drill teams in exemplification work. Chicago, Bloomington, Peoria and Champaign-Urbana will be the chief competitors.

"The Commercial association were hosts to the men at 8 o'clock Thursday night at the Leland hotel at a 'smoker,' and at the same time, a reception was in progress in another part of the hotel for the ladies of the party. This will close the program for the first day.

"A special trainload will arrive from Jacksonville early Friday morning, bringing Jeffries band. At 2:25 o'clock Friday afternoon, the Chicago delegation will come down from the northern metropolis with a large crowd of delegates. Bloomington and other cities along the route will take advantage of this means of reaching Springfield."

Smaller towns within a radius of fifty miles are expected to send many delegates by automobile and by way of the Illinois Traction system.

An important part of the affair here is the entertainment of the ladies who will come with their husbands and the local ladies have left nothing undone to provide plenty of amusement.

**Big Parade Today.**  
Today is the day of the three. At 9 o'clock, the first session of the grand council will take place at the Masonic temple. The Rev. W. J. Johnson, pastor of the First Congregational church, will offer the invocation. Addresses of welcome will be made by Governor Dunne, Assistant City Attorney Charles S. Andrus and Porter Paddock. Response will be made by Grand Counselor F. F. Lovett of Decatur.

Following the preliminaries, beginning at 10 o'clock, a business session will be held until noon. The afternoon will also be given over to business.

At 4 o'clock in the afternoon, the parade starting in the vicinity of Fifth street and Capitol avenue, will move through the downtown district. Thirty-five automobiles, the property of local business men and citizens, will carry a part of the visitors and the ladies. Floats will also be in line. It is planned to have a cordon of police to lead the pageant. Three bands, the Watch Factory, Capital City and the Jeffries band of Jacksonville will be in the marching line.

At the conclusion of the parade, the delegates will go to the state house, where a group photograph will be taken.

At 8 o'clock Friday night, a concert by the Mendelssohn choir will be given at the Leland hotel followed by a grand ball in the Leland ball room.

## EUROPEAN WAR NOTES

Petrograd, Via London, May 13.—(11:05 p. m.)—The following official statement from general headquarters was issued tonight:

"On Tuesday night the enemy began an offensive with large forces in the region of Shavli in an attempt to retain this road center. During the night we successfully repulsed five attacks and the following morning by an energetic stroke, we defeated a German outflanking column, capturing several hundred prisoners and five guns. The fighting continues.

"On the Dubissa river on the same day we captured a hostile position near Eyrogola (or Jafrogola) thirty miles northwest of Kovno. On the left bank of the Niemen there has been no change.

"On the right bank of the Orzyo our trench mortars bombarded the enemy's trenches with great success.

"In western Galicia the intensity of the fighting decreased on a considerable part of the front during Tuesday and Wednesday.

"Our offensive on the right bank of the Dniester is meeting with continued success. The enemy on Tuesday made several fruitless counterattacks to relieve his center, which was retiring in disorder on the Dniester toward the Oberlyn-Horodenka line.

(These towns are in the extreme east of Galicia. Oberlyn is almost north, and Horodenka is northeast of Kolomea.)

"In this operation the Austrian units which led the offensive were repulsed near Chochimierz, northwest of Oberlyn, with heavy losses. Our artillery annihilated two entire battalions and a third suffered severely.

"Near Horodenka the enemy gave way about seven o'clock in the evening of the same day and began a disorderly retreat. We captured several thousand additional prisoners, a number of guns and about fifty ammunition caissons."

London, May 14.—(9:20 p. m.)—The following communication was issued this evening:

"The fighting east of Ypres still continues. The Germans today have again subjected our line north of the Menin road to a violent artillery bombardment which in places destroyed some of our trenches, causing temporary readjustment in the line. The line however, has since been completely re-established.

"On the remainder of the front there is nothing to report."

Paris, May 13.—(11 p. m.)—The following official communication was issued tonight:

"The Belgian army by a new attack last night on the right bank of the Yser, repulsed the enemy who left, in retiring, several dead on the ground.

"To the north of Ypres we have obtained important results.

"In the wood of Hill 125 we found the bodies of three companies of Germans who had been annihilated by our artillery. The enemy bombarded Carancy this afternoon but without result. As masters of Carancy, we have progressed toward the north where we have established ourselves in Albain-St. Nazaire, which we hold, with the exception of some houses along the river. Around these, the struggle still continues.

We made several hundred prisoners. During his retirement the enemy set fire to half the village.

"At Neuville, St. Vaast we occupied new groups of houses in the northern part of the village. The number of cannon and howitzers of large calibre taken was seventeen.

"In the Argonne at Bagatelle we repulsed two German attacks, one at night, the other in the day. The latter was very violent. The success reported this morning in the forest of Lepetre has made us masters of the last German organization which had still resisted in the wood. The entire position is now in our hands."

**EIGHTH SERMON OF SERIES**  
On Sunday morning next the "Through the Bible" series of sermons will be resumed at the First Baptist church, when the pastor, the Rev. Percy W. Stephens will deliver the eighth sermon on the series. The subject will be "The Great Tribulation, Antichrist, and the Battle of Armageddon."

In view of the present war in Europe, the sermon promises to be of exceptional interest, the events referred to being clearly illustrated on the large colored diagram. The questions as to whether the European conflict is the battle of Armageddon, and as to who is the Antichrist will be dealt with.

## SMALLEST ELECTRIC MOTOR.

It Was Made by College Students and is About as Big as a Grain of Corn.

The smallest electric motor in the world, just high enough to reach up under the chin of the head of Lincoln on a one-cent piece, has been built by H. F. Keeler, a student in the Highland Park college of engineering at Des Moines, Iowa.

The armature is less than a quarter of an inch in diameter, and the wire is of the size of fine thread. A jeweler's microscope must be used to see the different parts, and the whole thing weighs only twenty grains, or as much as a third of a teaspoonful of water. When coupled with small dry batteries it runs at very high velocity, and makes a noise like a fly on a window pane.

## NEW ORLEANS SOCIETY

TONGUES WAG OVER SUIT

New Orleans, La., May 13.—Society gossip has a choice sensation this week through the filing of a suit against Rene Courturie, a prominent society man, by a pretty Texas girl, Miss Lillian Lorraine, who makes the unusual charge that she had her eye blacked by the clubman and was generally beaten up by him at seven o'clock one morning recently. The girl seeks \$25,000 balm for her lost love and personal injuries. The suit was filed in the federal court, and with it as evidence were deposited jewels and other gifts alleged to have been showered upon her during the brief love affair.

The tongues of the gossips wag especially strong concerning the gifts, which are said to have been worn by the defendant's first wife during her reign as Queen of the Carnival here.

According to the documents filed by the girl's attorneys, Miss Lorraine charges that Courturie asked her to marry him last January, and that she promised to wed if the clubman would give up his liquor. They recite the troubles of the young woman, who claims her fiancé called at all hours of the day and night, sometimes under the influence of strong drink. His contrition after each of these indiscretions seemed so complete to her that she forgave him. In the hope, she claims of reforming his conduct and thus bringing about an early fulfillment of the arrangement to marry.

The early morning altercation occurred on April 14 of this year. She claims her fiancé without cause brutally assaulted and beat her, that he struck her and threw her to the ground, and kicked her until her body was black and blue. Then, she avows, he leaned over her and blacked her eye with his fist. After which, she says, he rushed precipitately from her home.

## THE FOURTH OF JULY.

Shall It be Properly Celebrated in Jacksonville This Year.

Our national holiday is fast approaching and suitable steps for its celebration should be taken. Last year witnessed probably the largest number ever seen at one time in Nichols park and there is no reason why we should not have as large a number this year.

The date will fall on Sunday but probably Saturday would be selected as the day, the one of which it fell last year and was such a great success. The Journal would like to see suitable steps taken in the matter for surely a city of this size cannot well afford to let the day go by unnoticed.

## JACK JOHNSON

Alas, poor Johnson, badly whipped, and of his wreaths and laurels stripped!

When he appeared in yonder ring, he was that ring's unconquered king; and when he left it, sick and sore, he was a has-been, nothing more, and all the country felt relief when Brother Johnson came to grief. No words encouraging he heard; no breasts with sympathy were stirred, but all were glad to see him slump before Jess Willard's cultured thump, and e'en the men of his own race exulted in his loss of place. 'Twas not because his skin was brown that men rejoiced when he came down. But Johnson, since he gained his fame seemed destitute of sense of shame, and laughed with foul, unholy glee, at all the claims of decency. An outcast from his native land, and by most other countries banned, he'll skulk, since from the height he's hurled, along the edges of the world, a blot on every decent scene, a leper with the sign, "Unclean." A man all morals can't defy, and with that sort of thing get by; and when he falls, as fall he must, rejoicing follows long disgust.

## WORLD'S MARKET NEWS

**SHARPEST SETBACKS FOR WHEAT COME JUST BEFORE END OF SESSION**

Uncertainties Regarding the Diplomatic Outlook Have Depressing Effect on Market—Corn and Oats Decline.

Chicago, May 13.—Uncertainties regarding the diplomatic outlook and as to the latest war developments had a depressing effect today in the wheat market here today. The close was heavy at 2c to 2 1/2c under last night. Corn declined 3/4c to 1 1/2c net and oats 3/4c to 5c.

In provisions the final results varied from a drop of 10c to 5c advance.

Sharpest setbacks for wheat came just before the end of the session when the news was out that a British submarine had forced the Dardanelles and had sunk Turkish war craft in the sea of Maroa. The exploit was looked upon as indicating more rapid progress than had been recently looked for in the direction of opening a way for shipments of wheat from Russia.

On the other hand prices made little if any response of announcements that any British battleship had been torpedoed by the Turks. Temporary blocking of export business from a source of disquiet that previous to the Dardanelles news had greatly enlarged selling pressure today on wheat.

Possibilities growing out of the American note to Germany were said to be hindering foreign transactions for the time being and there were also reports that from other causes ocean freight rates were advancing in a manner that made contracts for new crop shipments hazardous.

Efforts to cancel such contracts received a good deal of attention. Hesitant cry crop damage advices were renewed but purchase orders influenced thereby seemed to have notably diminished in volume.

Corn declined with wheat and as a result of bearish Argentine reports and of favorable domestic conditions. Oats showed relative strength compared with other cereals. Rumors of export business in oats, however, were not confirmed.

## DESPERATE GUNMAN GOES TO HANGMAN TOMORROW

Wilmington, Del., May 13.—The execution by the hangman here tomorrow of Peter Melba, convicted of the murder of a police officer, will remove one of the coldest and most heartless criminals in the history of the eastern states. With three others, one of whom has confessed, he entered the home of Rev. Joseph Zebrowski in New Britain, Conn., and killed the priest and his housekeeper. Then the gunman came to Wilmington, loaded with loot and attempted to dispose of it.

On March 6, a pawnbroker notified the police that two rough-looking men were trying to dispose of watches. The officers responded, but the gunmen dashed through the crowded street, killing police officers and several bystanders who were shot by the fleeing desperadoes but they were rounded up and saved from lynching.

Melba, the leader of the gang, was the man who did the shooting. He was arraigned for the murder of Officer Francis X. Tierney, and on March 26th was sentenced to hang for the deed. Without the least sign of emotion he heard the sentence imposed. He must hang between the hours of ten and three tomorrow, and he has been under a death watch ever since his trial.

Bernard Montvid, the gunman captured with Melba, has confessed that the double murder of the priest and his housekeeper was done by four gunmen, two of whom were Melba and himself. The four men planned to kill the priest and rob his home. They went to the house, which is the parish house of the Lithuanian church, New Britain, Montvid kept watch outside while the other three entered. When the priest appeared he was shot by Melba, says the confession. The housekeeper heard the shooting and screamed, whereupon some of the men went upstairs and strangled her with cords. The house was then robbed.

## DR. G. V. BLACK PUBLISHES NEW VOLUME ON DENTISTRY

Work Devoted to the Diseases and Treatment of Investing Tissues of the Teeth and Dental Pulp.

The Medico-Dental Publishing company of Chicago has just issued a large and handsomely bound volume entitled "A Work on Special Dental Pathology devoted to the Diseases and Treatment of the Investing Tissues of the Teeth and the Dental Pulp," by G. V. Black, M. D., D. D. S., SC. D., LL. D. of Chicago, Ill., Dean and Professor of Operative Dentistry, Dental Pathology and Bacteriology of Northwestern University Dental school. The book contains 518 illustrations most of which are original drawings made by the author. There are a number of colored plates. It is understood that the large proportion of these drawings were made while Dr. Black was still living in Jacksonville. This work with the author's previous volumes on "Dental Anatomy" and "Operative Dentistry" forms an almost complete system of dentistry.

In his preface dated Chicago, April 12, 1915, the author says: "The writing of this book was begun five years ago, and its completion has been delayed in order that I might carry out long lines of experimental work upon several subjects which needed further investigation."

In the prosecution of the work, I have continually had the co-operation and advice of my sons, Dr. Carl E. Black, of Jacksonville, Illinois, and Dr. Arthur D. Black, of Chicago, which has been a very efficient aid.

My thanks are due the Research Institute of the National Dental Association for a five months' assignment of Dr. H. A. Potts, (Dr. Potts lived in Jacksonville for several years) to assist me in carrying out investigations in my laboratory. I am under obligations to Dr. Thos. L. Gilmer, Dr. E. S. Willard, Dr. William Bebb, Dr. F. D. Leach, Dr. H. A. Potts, Dr. F. B. Noyes, and Dr. E. A. Schneidwind for suggestions and assistance. A number of the members of the classes of 1914 and 1915 of Northwestern University Dental School have aided, particularly in experiments in collecting deposits of salivary calculus and in testing the effects of various drugs upon the tissues.

The preparation of the illustrations and the final copy has been almost wholly under the management of Dr. Arthur D. Black, who has been in close touch with me constantly in this work. At my request, he has also written the article on Examinations of the Mouth, and Dr. Carl E. Black has supplied a compilation of the principal events leading to the development of antiseptic and aseptic surgery.

I am under special obligation to my daughter, Miss Clara Black, and to Mrs. Arthur D. Black, for valuable assistance in proof-reading. Dr. Black's books have had a phenomenal sale among dentists. The work "Dental Anatomy" having several years ago passed a sale of 10,000 copies and the work "Operative Dentistry" (2 volumes) issued in 1908 having passed 6,000 sets, in addition to a 2,000 German edition. The contract for a French edition of the "Operative Dentistry" was signed just prior to the outbreak of the European war.

## COLLEGE BOYS TO FIGHT TYPHUS IN SERBIA

Boston, May 13.—Fifteen college students, from Harvard, Mass. Institute of Technology, and Brown University, are sailing today for Serbia, where they will engage in sanitation work to fight the big typhus fever epidemic which is wrecking havoc in that country. They have answered the appeal of Dr. Richard P. Strong, the Harvard biologist, who is now in charge of the forces the college men selected are fitting themselves for this sort of work. Many applications were received from students in medical schools, despite the great risk that attends the fighting of this dread disease.

Bluford Violet of Beardstown, C. B. & Q. roadmaster was attending to the clearing up the wreck in this city yesterday.

SPENT WEDNESDAY AT  
OLD TAYLER HOMESTEAD

Mr. and Mrs. C. Riggs Taylor of South Main street spent Wednesday at the old Tayler homestead in the vicinity of Woodson where they made a pleasant visit with Mrs. Geo. Taylor, a sister-in-law of Mr. Taylor and then went to the farm adjoining where uncle John Henry was born and grew to manhood. Mr. Henry is past 80 years of age and is very sick and is considered in a critical condition. On an adjoining farm resides his brother, William Henry who is past 86 years of age and is in a very feeble condition.

In 1861, each of the three farms mentioned, Taylor's and John and William Henry's furnished two soldiers for the war. The four Henry's enlisted in the 191st Regiment. Of these David, Hugh and William (the latter a cousin who made his home on the farm) are dead.

From the George Taylor homestead there went C. Riggs Taylor and his brother Ben. The latter lost a leg in the siege of Vicksburg, and died from injuries received in 1884 from a railroad accident which occurred at Decatur. C. Riggs Taylor from whom the narrative was gleaned a still hale and hearty and takes a deep interest of the welfare of his neighbors and friends.

P. J. Shanahan expected to go to Springfield this morning. His wife has been visiting there for the past week.

Several ambitious young men of Illinois college have made application to the Red Cross at Washington, D. C., offering their service in Europe during the summer as workers in an ambulance corps.

The president of the United States is president of the Red Cross and all such service is organized under its direction and sent out under the protection of the U. S. The spirit of the college students, who are willing to undertake such service, solely in the interest of humanity, is certainly worthy of much praise. George Kreider, son of G. M. Kreider of Springfield, who is a student at Dartmouth college, has joined the Army Corps of the Red Cross from Paris.

#### MEDICAL SOCIETY MEETS.

The Morgan county Medical society met Thursday evening at the Medical Library. Dr. T. O. Hardesty presented a paper on "Septic Peritonitis," which occasioned a very general discussion. Septic Peritonitis is a very serious infection of the membrane lining the abdomen and covering the stomach, bowels and other abdominal organs. Many of these cases result from rupture of stomach, gall bladder, intestine and appendix, venereal infection and criminal abortion. The largest percentage of cases follows acute appendicitis. Such an accident in this disease adds a greatly increased hazard to the patient's life.

Miss Myrtle Johnson, R. N., of Passavant hospital is a professional visitor in Chambersburg.

Miss Gertrude Stainesforth of Lenoirville was shopping in the city Thursday.

#### CHILDREN'S PROGRAM.

Saturday afternoon at 4 o'clock in the chapel of the Woman's College will be given a program by students of the college up to ten years of age. In no branch of education has there been so much progress in the last fifteen years as teaching the children. The steps to Parnassus for little ones always meant a path of terrible drudgery and the goal of attainment was always so remote. Today under the leadership of progressively minded men and women the teaching of music to children has become one of most careful study of experienced instructors.

Mrs. E. J. Edmunds of Alexander was among the shoppers in the city.

Mrs. George Brinkle and daughter Catherine of Winchester were visitors in the city Thursday.

## AUTO OCCUPANTS HAVE NARROW ESCAPE

CAR TURNS COMPLETELY OVER  
AT OLD BERLIN ENTRANCE.

Painful Injuries Result to Party Mrs.  
William Barr Brown, Sr., Was  
Taken to Springfield—Miraculous  
Escape When Car Dashes  
Through Fence.

A Jacksonville automobile party, consisting of Mrs. William Barr Brown, Sr., and her guests, Mrs. Horace Dye and Miss Ruth Beaty of Manzanola, Colo., Mrs. George Orear, Mrs. Charles W. Brown and chauffeur, Sylvester Bowers, had a narrow escape from death Thursday morning at 10:30 o'clock, when their Halliday car skidded at a curve of the road on entering Old Berlin, ran through a wire fence, turning completely over and rendering all the occupants unconscious. Mrs. Charles W. Brown, who suffered a fracture of the bone at the left shoulder joint was the worst injured. The car was making good speed around the sharp curve and the driver's unacquaintance with the road accounts for the accident. The party were on their way to Springfield to visit at the home of Mrs. W. B. Brown's daughter, Mrs. George Conover.

William Barr Brown, Sr., and Dr. Allen M. Kling went to the scene of the accident upon hearing of it. Upon their arrival they found the party was being cared for at the home of Joseph Berger, Jr., Dr. Fulton of New Berlin and Dr. Robinson of that community lending assistance.

#### Injuries Received.

An examination showed that Mrs. William Barr Brown had a bad cut over the left eye, her face and body were bruised and one bone of the left hand was broken. Mrs. George Orear had her back sprained, ankle sprained and body bruises. Mrs. Charles W. Brown had her face badly bruised and the bone of the left shoulder at the joint fractured. Mrs. Horace Dye suffered a bruise on her left elbow and from general shock. Miss Ruth Beaty had her left shoulder sprained but no broken bones. The chauffeur escaped injury. It was erroneously reported that Mrs. George Orear was driving the car. The patients were brought to Passavant hospital arriving her at 2:30, where they were given medical attention. All were able to leave except Mrs. Charles W. Brown.

#### Car Turns Somersault.

The speed of the car was such that it broke through the fence and after turning over once, landed right side up facing the opposite way in which it was going, about twenty-five feet from where it left the road. The left hind wheel was mashed, wind shields and fenders broken and the auto was wrecked generally. Mrs. William Barr Brown was caught under the car but was able to extricate herself, although in a dazed condition. Mrs. George Orear was thrown some ten feet and had crawled to a tree some ten feet farther where she lay unconscious. The rest of the occupants were some distance from the car. The party and those who visited the scene of the accident were one in pronouncing the escape miraculous.

The Berger family did everything possible for the comfort of the autoists and served dinner at noon. Mr. and Mrs. George Conover came from Springfield and Mr. and Mrs. William Barr Brown Jr. from Brown's Crossing. Mr. Brown went out in a car from Newman's garage and the injured were brought to the city in this car and Messrs. Brown and Conover's autos. The broken machine was brought to the Newman garage for repairs.

### DARNELL IS FOUND GUILTY OF VIOLATING WHITE SLAVE LAW

Counsel for Defendant Makes a Motion for a New Trial—Plea Will be Heard Next Thursday.

Milwaukee, Wis., May 13.—James Morrison Darnell this afternoon was found guilty in the Federal court of violating the Mann white slave act in that he transported Ruth Soper from Owatonna, Minn., to Chicago and thence to Kenosha.

Counsel for the defendant made a motion for a new trial and the plea will be heard a week from today. When the jury filed in to make its report, Darnell, the defendant, was sitting alone with his counsel at a table where he had sat through the trial. Others who testified for the defense were absent. The announcement of the verdict was received by the defendant without any display of emotion, save a slight drooping of his mouth. The defendant's mother and Ruth Soper were in the marshal's office when the jury reported and when informed of the verdict Mrs. Darnell, mother of the defendant, collapsed and was assisted to her hotel by Mrs. Vaughn. Ruth Soper made no comment.

Darnell's father was not in the federal building at the end. James Morrison Darnell, delivered his last sermon as a Unitarian minister at a Kenosha, Wis., church on January 19th last, and resigned his pastorate and was unfrocked a day later. He was arrested on Feb. 16th, indicted by a federal grand jury on Feb. 27th and was brought to Milwaukee from Chicago on March 6th. He was arraigned on March 24th, and entered a plea of "not guilty." His trial began on Monday last and ended today.
